LINEARシリーズ

is a range of elegant cabinet handles inspired by fashion accessory hardware. Diamond-milled from rare solid metals, the range features our new signature, linear knurl pattern and machined torx screws.

LINEAR features new products - L-Bar and Precious Bar and new finishes - gun metal and burnt steel. The range also includes reimaginings of the Furniture Knob and Pull Bar and will also be available in classic finishes - steel, brass and black.

[new finish. **BURNT STEEL.**]

**INSPIRED BY MOTORBIKE
EXHAUSTS, BURNT STEEL IS
A TRAIL-BLAZING NEW FINISH
THAT WILL BE SURE TO SET THE
INTERIORS INDUSTRY ON FIRE.**

When an exhaust runs lean, the excessive heat turns the metal into a stunning rainbow of blue, purple and yellow. We have innovated a new technique to harness this oxide effect and when applied to marine-grade stainless steel the final finish is both elegant and unexpected. The best bit – no two finishes are ever the same.
